From Don Chowdhury:
This original “e” logo created in 4-color process, which is **not recommended** at all for the corporate branding. Also in 4-color process used 69% black mixed which will cause variations colors for the blue. Enclosed few suggest “PANTONE COLOR BLUE” & “RED”. Please finalize “one” and after that I will create your professional corporate branding book & proper guideline.

From: Don Chowdhury:
Used recommended two-color job. Your printing cost will be less & color will be consistent. My first meeting with Mr. Kutubuddin- I suggested must need to be focused on create a unique “e” branding.
